Electric AVENUE EV CHARGING SOLUTIONS

Giving you the power to go green.

At Electric Avenue, we're passionate about supporting the electrification of the transportation industry and creating a greener future for generations to come.

We offer smart charging solutions for home, business and commercial use. Our charging systems provide industry-leading innovative technology that manages the communication between your electric vehicle, grid, building and charger.

Generate revenue from your chargers using our leading enterprise software and pay-to-charge service to pay off your investment in EVSE faster.

Through our open-access protocol (OCPP) our chargers will work with other charge management software providers, giving you the flexibility to change providers without having to replace your chargers. Likewise, our software is compatible with other OCPP-compliant chargers.

Not only can this save you costly upgrades in the future, it means less waste going to our landfills!

It's time to go electric.

OUR PRODUCT FAMILIES

Watti HOME GEN2

The first residential EV charger ready for utility demand response programs through its OCPP 1.6 and OpenADR certifications. Level 2 charging with adjustable 16A-40A (plug-in) or 48A (hardwired) output. Securely controlled via our free mobile app.

Watti PRO

Ideal for public, fleet, and multi-unit residential charging, our commercial Level 2 solutions include single port or dual port models, and a variety of adjustable power levels ranging from 6A-80A. Powerful enough to charge today's large battery EVs and backed with a 3-year warranty.

Watti DIRECT

Our most powerful Level 3 DCFC (Direct Current Fast Charging) stations are ideal for highway rest stops, busy fleets and quick service businesses. Power levels range from 30kW-360kW. Backed with a 2-year extendable warranty.

WHAT WE OFFER

- Compatiblity with all North American EVs
- Faster charging with flexible Level 2 and DCFC charging capability from 6A-360kW
- Advanced smart charging and energy optimization
- Protection of your building's electrical load using dynamic load balancing
- Free mobile apps to manage and monitor charging activity
- Revenue opportunities using our Enterprise Software for monetization of Watti Pro & Watti Direct chargers

LEVEL 2 RESIDENTIAL CHARGING

The next evolution of smart electric vehicle charging at home.

The Watti Home Gen2 packs the power in a compact design. It's the first residential EV charger on the market built for utility demand response programs, through its OCPP 1.6 and OpenADR certifications.

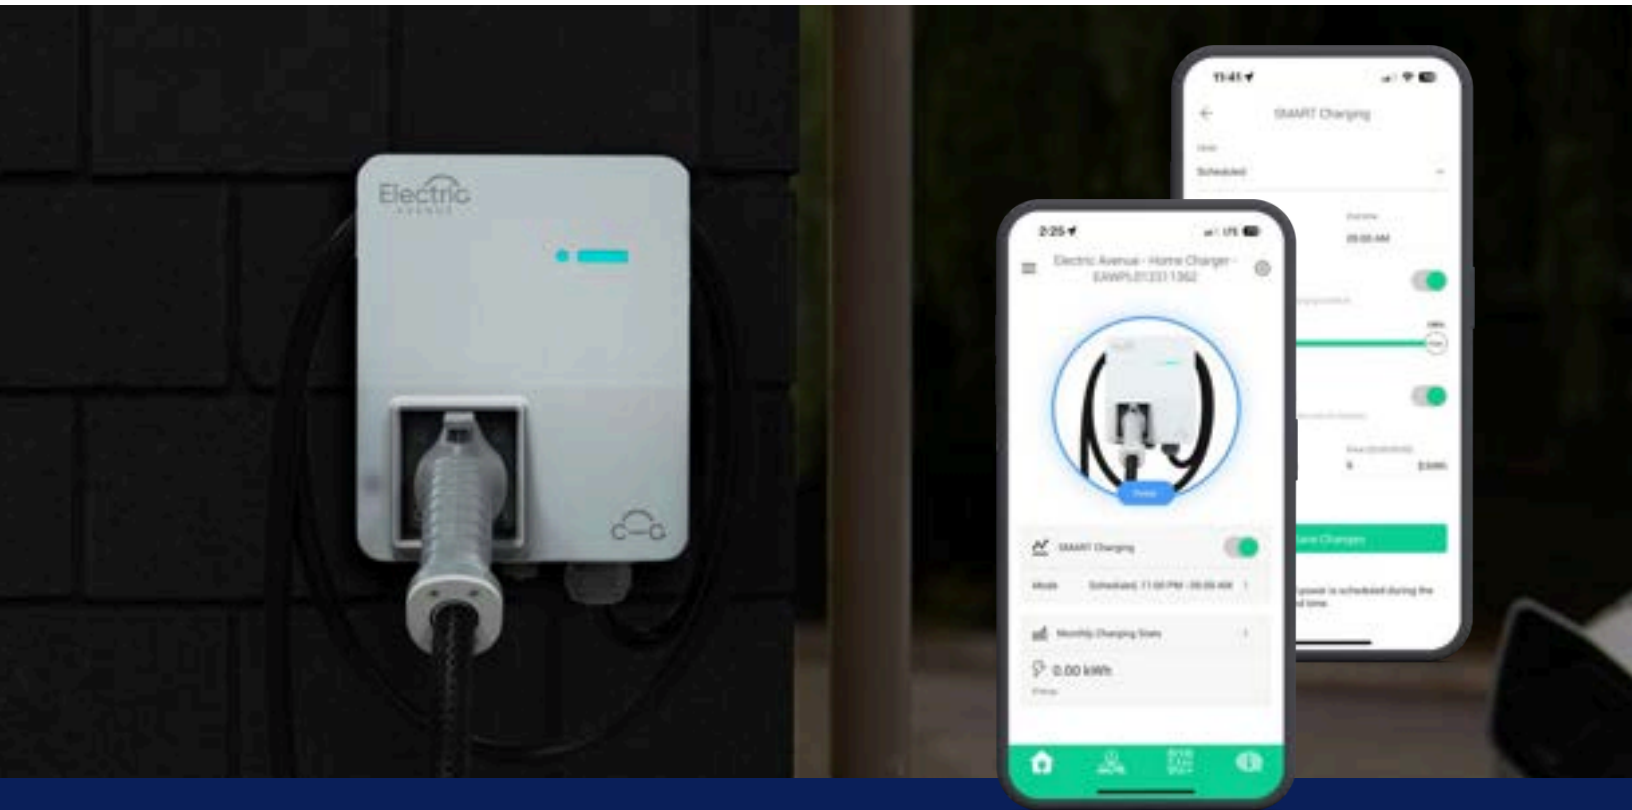
Compatible with any EV, it can provide up to 40 amps with NEMA 14-50P (pre-configured) or up to 48 amps with hardwired installation (hardwire only version available). Provides secure charging authorization, which can only be managed by the station owner using the compatible Electric Avenue app.

Hardware/Software Adjustable 16A-48A | 208/240VAC | WiFi Connectivity cETLus Certified | OCPP 1.6 Certified | LED indicator Light | 5.5m (18ft) or 7.6m (25ft) Cable Options | Mobile App Control | Operates in -40°C to 50°C (-40°F to 122°F)

Lockable J1772-NACS and NACS-J1772 Adapters sold separately.

Electric Avenue

App Store Google Play



LEVEL 2 COMMERCIAL CHARGING

Watti PROLITE

Compact design with powerful 48A output designed for MURBs, workplaces and fleet charging at home

The Watti Pro Lite packs the power in a compact design. Adjustable from 16A-48A, this wall mount AC smart commercial charger is ideal for at-home fleet service charging and multi-unit residential installations. No software required, up to 100 RFIDs can be programmed into the station for user authorization and charge initiation. NACS and J1772 Options available. Optional integrated payment terminal available. Optional 4G Hotspot mode available.

Provides detailed kWh usage reports for employee reimbursement based on their residential utility rates when used with Electric Avenue Enterprise Fleet@Home Software subscription, or enjoy full software functionality and payment collection with an Enterprise Software subscription.

Hardware/Software Adjustable 16A-48A | 208/240VAC | WiFi/LAN and Optional 4G Connectivity | cETLus Certified | OCPP 1.6 | LED indicator Light 5.5m (18ft) or 7.6m (25ft) Cable Options | NFC and RFID Support | Includes 2 RFID Cards | -40°C to 50°C (-40°F to 122°F) | NACS or J1772 Connectors

FREE 3-MONTH TRIAL ENTERPRISE SOFTWARE

included with every Watti Pro Lite charger!

3 NEW MODELS NOW AVAILABLE

4G Hotspot Mode

No Network Payment Processing

Optional Integrated Payment Terminal

LEVEL 2 COMMERCIAL CHARGING

Watti PRO LITE

4G HOTSPOT MODE

A cost-saving solution that provides reliable connectivity for your charging network.

Ideal for locations with limited WIFI connectivity.

Experience the convenience of our cutting-edge 4G hotspot feature, allowing one charger to seamlessly provide network connectivity to multiple other stations within range.

Say goodbye to multiple data plans and enjoy significant savings on data costs! Requires only one SIM and data plan for up to 16* stations.

**The number of stations depends on station configuration and potential signal obstacles like concrete walls. Contact us to discuss!*

Watti PRO LITE

NO NETWORK PAYMENT PROCESSING

Enabled with HC, no network is required for payment processing!

Eliminate the need for network connectivity altogether with our HC-enabled Watti Pro Lite, the first of its kind in North America! Perfect for remote locations, it offers seamless payment processing in areas with no internet access, ensuring secure and reliable transactions while reducing setup complexity and costs.

Using cellular connections and tokens, payment information is securely transmitted once a mobile device reconnects to a cellular network. Experience the freedom of network-independent operation with our cutting-edge solution.

Watti PRO LITE

INTEGRATED PAYMENT TERMINAL

App-less payments with an integrated payment terminal

Enjoy seamless and easy charging with our Watti Pro Lite featuring a factory-installed payment terminal. Accepting Visa, MasterCard, Apple Pay, Google Pay, and more, it eliminates the need for app payments, providing a hassle-free experience for drivers.

Simplify transactions and enhance user convenience with this all-in-one solution.

**Requires a payment terminal subscription plan.*

LEVEL 2 COMMERCIAL CHARGING

48A Powerful and durable, suitable for public and commercial charging needs

The Watti Pro 48A is ideal for public charging, offering a seamless charging experience to EV drivers. Wall-mount AC Smart Charger with optional pedestal with cable management for residential or commercial use.

Monetize your chargers through Electric Avenue's leading enterprise software and pay-to-charge service and make a return on your EV charging investment.

Hardware/Software Adjustable 6A-48A | 208/240VAC | LAN/4G/WiFi Options | UL/cUL Listed | OCPP 1.6/2.0.1 Certified | 5" LCD Screen | 5m (16.5ft) or 7m (23ft) Cable Options | RFID Support | Includes 2 RFID Cards

WATTCH MONITORING KIT

Avoid costly infrastructure upgrades and monitor/adjust all building loads with the Wattch CT Monitoring Kit.

**Requires an Enterprise software subscription. CTs not included.*

ADAPTERS

A full line of adapters for all vehicle connectors:

J1772 to NACS
NACS to J1172
CCS1 to NACS
NACS to CCS1

RFID TAGS & CARDS

RFID cards or FOBs for user authentication. Packages of 10/25/100.

Compatible with Watti Pro, Watti Pro Lite, Watti Pro Echo and Watti Direct DCFC stations

WATTI-FI ROUTER

LTE to WiFi connectivity for stations located in areas without a reliable internet connection. Connectivity for up to 16 chargers.

**Data plans with SIM sold separately*

EV PARKING SIGNAGE

Sturdy Aluminum with Pre-Drilled Holes for wall or pole mounting. Includes charging instructions.
203.2mm (8in) H x 304.8mm (12in) W

FACTORY-INSTALED PAYMENT TERMINAL

Optional factory-installed payment terminal for Watti Pro Lite, Watti Pro Echo & all Watti Direct DCFC

**Requires a payment terminal subscription plan.*

WATTI ONEPAY PAYMENT TERMINAL

Optional unattended payment stations. Services up to 6 commercial level 2 chargers. Pedestal sold separately.

**Requires a payment terminal subscription plan.*

OPTIONAL ACCESSORIES

Metering Kit
Manage every asset in your energy portfolio on a single platform (EV charging, solar, battery storage, etc.)

Experience an up to 21% performance improvement by optimizing O&M activities. The Wattch Metering Kit paired with Electric Avenue's Enterprise Software and charging solutions helps you avoid costly infrastructure upgrades so you can optimize ROI and maximize the value of your energy portfolio.

- Supports up to 250 kWp AC
- Manage up to 250 devices (Ethernet), 32 devices (RS-485)
- Network Connection via LTE
- Integrated Battery Backup
- Supports Load Balancing
- CTs not included

Watti OnePay
The Ultimate App-Free EV Charging Payment Solution

The Watti OnePay revolutionizes EV charging with unmatched convenience and flexibility. This app-less, cashless payment system supports up to six chargers simultaneously, eliminating the need for multiple payment terminals and mobile apps. Designed to enhance usability and accessibility, Watti OnePay provides a seamless charging experience for every driver.

- Capable of servicing up to 6 chargers simultaneously, reducing the need for multiple payment terminals.
- Lowers deployment costs and reduces subscription fees through fewer terminals, offering long-term savings.
- Offers both cellular and Ethernet connections for reliable and flexible communication.
- Dust and water-resistant with IP55 rating, and constructed with durable aluminum materials.
- Options for wall or pedestal mounting to fit various installation environments. Pedestal sold separately.

ACCEPTS ALL MAJOR FORMS OF PAYMENT

CONNECTIVITY AND NETWORKING SOLUTIONS

Enterprise Software

Track and monitor every critical metric for your charging stations effortlessly.

Complete visibility and control of your charging stations. Manage payments, control access and reduce the risk of grid overload.

Our platform supports all OCPP compliant charging stations and integrates with other OCPP platforms through OCPI. This allows you to easily connect other OCPP compliant hardware to our software, or connect our software to other OCPP compliant hardware!

Features dynamic load management to balance the demand for electricity with the available supply, ultimately leading to improved energy efficiency, reduced operational costs, and enhanced system reliability.

- Generate revenue from your charging stations and achieve a return on your investment
- Create and manage different user groups
- Robust reporting and energy tracking
- Choose to keep your station private, or promote public charging in our app and on PlugShare
- OCPP 2.0.1 and OpenADR compliant. Ready to communicate with utility demand response programs.
- Remote firmware updates ensure your charging stations always have the latest features, fixes, and security updates

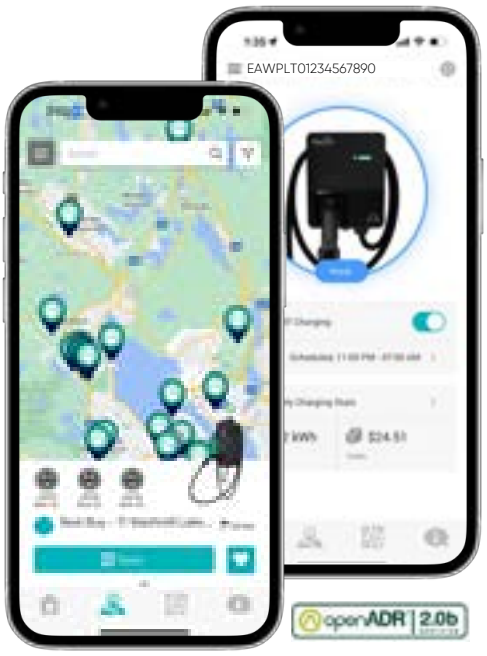
Our software offers a wide range of flexible billing options and payment methods:

Choose how you want to bill:

- Set fees based on price per kWh
- Manage Connection fees
- Set parking penalty fees
- Create discounts or promotions
- Set different fee levels based on user group

Collect payments via:

- Mobile App
- Prepaid
- Pay-as-you-Charge
- Coupons or Vouchers
- Credit Card Terminal
  **On Watti Direct Charger Models*



All software tiers are sold on a subscription term basis (1-year, 3-year, or 5-year terms). Ability to cancel anytime. Software subscriptions auto renew based on your term and original purchase date unless cancelled prior to renewal.

DATA PLANS

Reliable connectivity for your charging network

When it comes to EV chargers, a reliable and secure internet connection is vital for payment collection, monitoring, and uptime. Our 4G data plans reduce the risk of disconnection by offering ultimate redundancy and access to all North American carriers.

4G Charger Data Plans

Our Watti Pro and Watti Pro Lite chargers with 4G compatibility come ready to operate on reliable 4G networks. We provide the SIM card and data plan with one purchase. Choose your term and pay one fixed annual cost. Includes 300MB of data per month.

Watti-Fi Router 4G Data Plans

Our Watti-Fi Routers connect 1-16 Stations, ideal for remote or hard-to-reach areas like parking garages or underground structures, providing reliable connectivity. Our Watti-Fi Router combined with our 4G data plan, ensures efficiency, availability, scalability, and security for your charging stations. Includes 1GB of data per month.

ADDED PROTECTION

Extended Warranties & O&M Replacement Plans

Protect your investment with an extended warranty, available on all models of Watti Pro and Watti Direct series charging stations.

Watti Pro, Watti Pro Echo & Watti Pro Lite:
Standard warranty: 36 months (3-years)

- Optional 2-year extended warranty (5-year total coverage)
- Optional 5-Year O&M Replacement plan (requires purchase of 2-year extended warranty)

Watti Direct:
Standard warranty is 24 months (2-years)

- Optional 1, 2 or 3-year extended warranty (for 3, 4 or 5-years total coverage)
- Optional 5-Year O&M Replacement plan (requires purchase of 3-year extended warranty)

O&M Replacement Plans include:

- 24/7 help desk
- Scheduled preventative maintenance
- Detailed records kept of all maintenance activity
- Dedicated training for facility management teams
- Readily available spare parts for prompt repairs

AXLU191001D1P4-RW	Watti Pro 80 Amp, 5" Display, RFID, QR Code, LAN, 4G, OCPP 1.6/2.0, Hardwired, 7m (23ft) Cable

	Part Number	Description | Configuration Options
Watti Pro Lite: 48A Level 2 Commercial/Residential Charger: J1772		
	EAWPLT48-18WI1HWBL	Watti Pro Lite 48 Amp, J1772, WiFi, LED Indicator, OCPP 1.6, Hardwired, RFID/NFC support, 5.5m (18ft) Cable, Black
	EAWPLT48-25WI1HWBL	Watti Pro Lite 48 Amp, J1772, WiFi, LED Indicator, OCPP 1.6, Hardwired, RFID/NFC support, 7.6m (25ft) Cable, Black
	EAWPLT48-18WI1HWWH	Watti Pro Lite 48 Amp, J1772, WiFi, LED Indicator, OCPP 1.6, Hardwired, RFID/NFC support, 5.5m (18ft) Cable, White
	EAWPLT48-25WI1HWWH	Watti Pro Lite 48 Amp, J1772, WiFi, LED Indicator, OCPP 1.6, Hardwired, RFID/NFC support, 7.6m Cable (25ft), White
Watti Pro Lite: 48A Level 2 Commercial/Residential Charger: J3400 (NACS)		
	EAWPLT48-18NCSWI1HWBL	Watti Pro Lite 48 Amp, J3400, WiFi, LED Indicator, OCPP 1.6, Hardwired, RFID/NFC support, 5.5m (18ft) Cable, Black
	EAWPLT48-25NCSWI1HWBL	Watti Pro Lite 48 Amp, J3400, WiFi, LED Indicator, OCPP 1.6, Hardwired, RFID/NFC support, 7.6m (25ft) Cable, Black
	EAWPLT48-18NCSWI1HWWH	Watti Pro Lite 48 Amp, J3400, WiFi, LED Indicator, OCPP 1.6, Hardwired, RFID/NFC support, 5.5m (18ft) Cable, White
	EAWPLT48-25NCSWI1HWWH	Watti Pro Lite 48 Amp, J3400, WiFi, LED Indicator, OCPP 1.6, Hardwired, RFID/NFC support, 7.6m Cable (25ft), White
Watti Pro Lite: 48A Level 2 Commercial/Residential Charger: 4G Hotspot Mode		
	EAWPLT48-18WI1HWBL4G	Watti Pro Lite 48 Amp, 4G Hotspot Mode, LED Indicator, OCPP 1.6, Hardwired, RFID/NFC support, 5.5m (18ft) Cable, Black
	EAWPLT48-25WI1HWBL4G	Watti Pro Lite 48 Amp, 4G Hotspot Mode, LED Indicator, OCPP 1.6, Hardwired, RFID/NFC support, 7.6m (25ft) Cable, Black
	EAWPLT48-18WI1HWWH4G	Watti Pro Lite 48 Amp, 4G Hotspot Mode, LED Indicator, OCPP 1.6, Hardwired, RFID/NFC support, 5.5m (18ft) Cable, White
	EAWPLT48-25WI1HWWH4G	Watti Pro Lite 48 Amp, 4G Hotspot Mode, LED Indicator, OCPP 1.6, Hardwired, RFID/NFC support, 7.6m Cable (25ft), White
Watti Pro Lite: 48A Level 2 Commercial/Residential Charger: Integrated Payment Terminal		
	EAWPLT48-18WI1HWBLNX	Watti Pro Lite 48 Amp with Credit Card Terminal, WiFi, LED Indicator, OCPP 1.6, Hardwired, RFID/NFC support, 5.5m (18ft) Cable, Black
	EAWPLT48-25WI1HWBLNX	Watti Pro Lite 48 Amp with Credit Card Terminal, WiFi, LED Indicator, OCPP 1.6, Hardwired, RFID/NFC support, 7.6m (25ft) Cable, Black
	EAWPLT48-18WI1HWWHNX	Watti Pro Lite 48 Amp with Credit Card Terminal, WiFi, LED Indicator, OCPP 1.6, Hardwired, RFID/NFC support, 5.5m (18ft) Cable, White
	EAWPLT48-25WI1HWWHNX	Watti Pro Lite 48 Amp with Credit Card Terminal, WiFi, LED Indicator, OCPP 1.6, Hardwired, RFID/NFC support, 7.6m (25ft) Cable, White

Part Number	Description | Configuration Options

Watti Pro Lite: 48A Level 2 Commercial/Residential Charger: No Network Payment Processing

EAWPLT48-18WI1HWBLHC	Watti Pro Lite 48 Amp, HC Enabled for No-Network Payments, LED Indicator, OCPP 1.6, Hardwired, RFID/NFC support, 5.5m (18ft) Cable, Black
EAWPLT48-25WI1HWBLHC	Watti Pro Lite 48 Amp, HC Enabled for No-Network Payments, LED Indicator, OCPP 1.6, Hardwired, RFID/NFC support, 7.6m (25ft) Cable, Black

EAWPLT48-18WI1HWWHHC	Watti Pro Lite 48 Amp, HC Enabled for No-Network Payments, LED Indicator, OCPP 1.6, Hardwired, RFID/NFC support, 5.5m (18ft) Cable, White
EAWPLT48-25WI1HWWHHC	Watti Pro Lite 48 Amp, HC Enabled for No-Network Payments, LED Indicator, OCPP 1.6, Hardwired, RFID/NFC support, 7.6m Cable (25ft), White

Watti Direct 30kW DC Fast Chargers

DWWU301U00D1WN-RW	Watti Direct 30kW, Wall Mount, 60A CCS1, OCPP 1.6/2.0, Single Gun, 4.5m (15ft) Cable, White
DWWU301U00D1WS-RW	Watti Direct 30kW, Wall Mount, 60A CCS1, OCPP 1.6/2.0, Single Gun, 7m (23ft) Cable, White

DWWU301U00D1PN-RW	Watti Direct 30kW, Wall Mount, 60A CCS1, OCPP 1.6/2.0, Single Gun, 4.5m (15ft) Cable, Stainless Steel/Black
DWWU301U00D1N7-RW	Watti Direct 30kW, Wall Mount, 60A CCS1, OCPP 1.6/2.0, Single Gun, 7m (23ft) Cable, Stainless Steel/Black

DMWU301U00D2WN-RW	Watti Direct 30P, DC 30kW, Portable, 60A CCS1, OCPP 1.6/2.0, Single Gun, 4.5m (15ft) CCS Cable and 10m (33ft) Supply Cable, White

DMWU301U00D2PN-RW	Watti Direct 30P, DC 30kW, Portable, 60A CCS1, OCPP 1.6/2.0, Single Gun, 4.5m (15ft) CCS Cable and 10m (33ft) Supply Cable, Stainless Steel/Black

Part Number	Description | Configuration Options

Watti Direct 60kW DC Fast Chargers

DSWU601U0UD3WN-RW	Watti Direct 60kW, 120A CCS1, OCPP 1.6/2.0, Dual Gun, 4.5m (15ft) Cables, White
DSWU601U0UD3WS-RW	Watti Direct 60kW, 120A CCS1, OCPP 1.6/2.0, Dual Gun, 7m (23ft) Cables, White

DSWU601U0UD3PN-RW	Watti Direct 60kW, 120A CCS1, OCPP 1.6/2.0, Dual Gun, 4.5m (15ft) Cables, Stainless Steel/Black
DSWU601U0UD3N7-RW	Watti Direct 60kW, 120A CCS1, OCPP 1.6/2.0, Dual Gun, 7m (23ft) Cables, Stainless Steel/Black

Watti Direct 120kW Upgradable DC Fast Chargers

DSWU122I0IDDWN-RW	Watti Direct 120kW, 300A CCS1, OCPP 1.6/2.0, Dual Gun, 4.5m (15ft) Cables
DSWU122I0IDDWS-RW	Watti Direct 120kW, 300A CCS1, OCPP 1.6/2.0, Dual Gun, 7m (23ft) Cables

Watti Direct 180kW DC Fast Chargers: 300A CCS Cables

DSWU182I0IDCWN-RW	Watti Direct 180kW, 300A CCS1, OCPP 1.6/2.0, Dual Gun, 4.5m (15ft) Cables
DSWU182I0IDCWS-RW	Watti Direct 180kW, 300A CCS1, OCPP 1.6/2.0, Dual Gun, 7m (23ft) Cables

Watti Direct 360kW DC Fast Chargers

*Request Configuration Options

Watti Direct 360kW, DC Charger w/Fan Cooling System, OCPP 1.6/2.0

Watti Direct 360kW, DC Charger w/Liquid Cooling System, OCPP 1.6/2.0

*Request Configuration Options

Watti Direct 360kW Next Gen, DC Charger w/Fan Cooling System, 21" Full Colour Display. OCPP 1.6/2.0, Built in Cable Retractors

Watti Direct 360kW Next Gen, DC Charger w/Fan Liquid Cooling System, 21" Full Colour Display. OCPP 1.6/2.0, Built in Cable Retractors

Watti Direct 480kW DC Fast Chargers *Coming in 2025*

*Request Configuration Options

Watti Direct 480kW, DC Charger w/Fan Cooling System, 21" Full Colour Display. OCPP 1.6/2.0, Built in Cable Retractors

Watti Direct 480kW, DC Charger w/Fan Liquid Cooling System, 21" Full Colour Display. OCPP 1.6/2.0, Built in Cable Retractors

*Request Configuration Options

Watti Direct 480kW Power Dispenser, DC Charger w/Fan Cooling System, OCPP 1.6/2.0, Dual 50" 2K HD Advertising Displays, Built in Cable Retractors

Watti Direct 480kW Power Dispenser, DC Charger w/Liquid Cooling System, OCPP 1.6/2.0, Dual 50" 2K HD Advertising Displays, Built in Cable Retractors

	Part Number	Description | Configuration Options
Accessories		
	KITS0GSAXO01-RW	Watti Pro Single Pedestal Base
	KITC0NSAXPH01-RW	Watti Pro Single Pedestal Cable Management Top (for 5m cables)* **Requires Single Pedestal Base*
	KITS0GMAXO01-RW	Watti Pro Dual Pedestal Base (Made in China)
	KITS0GMAXO01A-RW	Watti Pro Dual Pedestal Base (Made in USA)
	KITC0NMAXPH01-RW	Watti Pro Dual Pedestal Cable Management Top (for 5m cables) Made in China**
	KITC0NMAXPH01A-RW	Watti Pro Dual Pedestal Cable Management Top (for 5m cables) Made in USA**
	KITC0NMAXPH02-RW	Watti Pro Dual Pedestal Cable Management Top (for 7m cables)** ***Requires Dual Pedestal Base*
	EAPED-S-BTB-SBS-BL	Universal Pedestal Base for Watti Pro Lite or Watti Home Gen2
	EAPED-S-BTB-SBS-CMBL	Universal Pedestal Top with Cable Management Systems for Watti Pro Lite or Watti Home Gen2
	KITPSDWPH01-RW	Watti Direct 30kW Pedestal Base
	EAWMCR	Wall Mounted Cable Retractor, 5m (16.4ft) Retract Distance, 0.82" and 0.59" (inner diameter), cable clamps included
	KITCSDSOL04-RW	Watti Direct 60kW Cable Mgmt. System, 4.5m cable
	KITCSDSOL07-RW	Watti Direct 120kW-180kW Cable Mgmt. System, Dual 300A CCS1, 4.5m cable
	KITCSDSRW23-RW	Watti Direct 60kW Cable Mgmt. System, Dual 300A CCS1, 7m cable
	KITCSDSRW02-RW	Watti Direct 120kW-180kW Cable Mgmt. System, Dual 300A CCS1, 7m cable
	EAKCRFID10	Key Chain RFID 10 PK
	EAKCRFID25	Key Chain RFID 25 PK
	EAKCRFID100	Key Chain RFID 100 PK
	EARFID10BK	Standard RFID Card 10 PK
	EARFID25BK	Standard RFID Card 25 PK
	EARFID100BK	Standard RFID Card 100 PK
	EASCDP4GC1Y	1 Year - 4G Cellular Data Plan for 4G EVSE | 300MB data/month
	EASCDP4GC3Y	3 Year - 4G Cellular Data Plan for 4G EVSE | 300MB data/month
	EASCDP4GC5Y	5 Year - 4G Cellular Data Plan for 4G EVSE | 300MB data/month
	EALTER116	LTE Router, Supports 1-16 Stations
	EASCDP4GR1Y	1 Year - 4G Cellular Data Plan for LTE Router | 1GB data/month
	EASCDP4GR3Y	3 Year - 4G Cellular Data Plan for LTE Router | 1GB data/month
	EASCDP4GR5Y	5 Year - 4G Cellular Data Plan for LTE Router | 1GB data/month
	EAW1PT-6BL	Watti OnePay Station - Unattended pay station for up to 6 chargers*
	EAW1PT-PED	Watti OnePay Pedestal - Black
	EANPT1	Credit Card Payment Terminal for DCFC
	EAPTDP1Y	1 Year - Payment Terminal Subscription Plan
	EAPTDP3Y	3 Year - Payment Terminal Subscription Plan
	EAPTDP5Y	5 Year - Payment Terminal Subscription Plan
	WSSMODULE135-R00	30KW 100A 1000V Power Module
	WDAS-L1	Wattch Metering Kit - Energy metering kit for dynamic load management
	EAWMS1Y	1 Year - Wattch Metering Platform Subscription Plan
	EAWMS3Y	3 Year - Wattch Metering Platform Subscription Plan
	EAWMS5Y	5 Year - Wattch Metering Platform Subscription Plan
	EA-J1772NACS	J1772 to NACS Adapter
	EA-NACSJ1772	NACS to J1772 Adapter
	EA-CCS1NACS	CCS1 to NACS Adapter
	EA-NACSCCS1	NACS to CCS1 Adapter

MERCHANDISERS & DISPLAYS

WATTI PRO POSTER

Included with every stock order over $10K when Watti Pros are included on the purchase order

- Showcases the Watti Pro commercial charger
- 24" x 36"
- Poster paper
- *Include Part Number EAWPPOSTER on qualifying POs*

WATTI PRO LITE FLOOR DISPLAY

Included with every stock order over $15K when Watti Pro Lites are included on the purchase order

- Showcases the Watti Pro Lite commercial charger
- 60" x 18"
- 3-sided triangualr display, free standing
- Bilingual (English and French)
- Sturdy corrugated cardboard
- *Include Part Number EAWPLTDSPLY on qualifying POs*

ELECTRIC AVENUE END CAP DISPLAY

Included with every stock order over $25K

- Custom metal end cap display
- Three moveable shelves for flexible merchandising
- Includes a Watti Pro Lite sample charger that mounts directly onto the display
- Includes recommended planogram
- *Include Part Number EAGONDDSPLY on qualifying POs*

COUNTER / TABLE DISPLAY

Easily mount a demo charger to this adjustable counter/table display. Includes a mounting bracket to support a Watti Pro Lite or Watti Home Gen2 charging station.

- Portable and lightweight
- Ideal for counter days or in-store demos
- Free with the purchase of a demo charger
- *Include part number EATBLDSPLY on qualifying orders*

ALWAYS BE CHARGING
